Upcoming AEG St. Louis Chapter Meetings, Speakers, and Field Trips

Friday, May 31, 2019 - Tour of Alberici Campus - Private tour of the Alberici Corporate Headquarters building, which is an adaptive reuse of an existing manufacturing plant. See below for additional information.

Field Trip: Private Tour of Alberici Campus -- LEED, Sustainability

On **Friday, May 31, at 4:00 pm** the AEG St. Louis Chapter will have a special concierge tour of the adaptive reuse of an existing manufacturing plant into corporate headquarters for Alberici Corporation. The campus was chosen by the AIA Committee on the Environment as a "Top Ten Green Project for 2006." The Alberici facility is located at 8800 Page Avenue in St. Louis. It is just east of I-170, and just south of Page Avenue, and easily visible from I-170.

Visit <http://www.aiatopten.org/node/155> for more information about the facility.

The tour is only available to vetted groups between 8:00 pm and 5:00 pm on Mondays through Fridays. If you plan now, and double-check with your boss, you can probably arrange to be at Alberici by 4:00 pm on May 31. If your boss hesitates, she may be wanting an invitation -- so ask her to join us!

A head count will be needed to advise our host, Alberici Corporation, of the size of our group. Please RSVP to Jessie Goodwin (jgoodwin@geotechnology.com) before **Wednesday, May 29**. The group will meet for dinner at Sugarfire Smoke House (9200 Olive Blvd #114, St. Louis, MO) after the tour.

2019 GeoMo Conference

The 2019 GeoMo Conference, organized by Professional & Continuing Education at Missouri S&T, will be held **Friday, May 10, 2019** from 8:00 a.m. to 5:00 p.m. at the Millennium Student Center in St. Louis. Visit <https://geomomst.edu/> for additional information and to register.

Students: Do you need help attending the 2019 AEG Annual Meeting?

Volunteer - interested in volunteering **eight hours** in exchange for a complimentary meeting registration? Contact Heather Clark for all of the details, heather@aegweb.org or 303-518-0618.

Be sure to attend the Student/Professional Networking Reception on Tuesday, September 17, 2019, 5:15-6:15pm. This fun and relaxed event is the perfect place for you to make new friends and meet future employers/employees! You don't want to miss it! Be sure to sign up on your registration form.

Young @Heart Student/Professional Special Event - Tuesday, September 17, 2019 - 7:00-9:00pm

This social event is a great way to start your week in Asheville. Mingle with new friends in environmental and engineering geology while you enjoy free appetizers (and a free drink ticket if you arrive early!) Just a short walk from the hotel, this event is an excellent opportunity to build connections with peers, mentors, senior fellows, and potential employers. Students and young professionals are encouraged to join the event and welcome experienced professionals who are “young at heart!” (Students Free, all others \$10).

Trying to convince your boss that you should attend the 2019 AEG Annual Meeting? Attending the Annual Meeting is beneficial to you, your school or your company, and the geologic profession. [Check out this resource](#) for reasons to attend the AEG Annual Meeting that your advisor or your boss will love!

AEG St. Louis Chapter Sponsors Needed

The AEG St. Louis Chapter is looking for sponsors for our fall 2019 meetings. Sponsorships are \$300 per meeting. Please contact Ed Jones for more information (ejones@geosyntec.com).

Benefits of being a Meeting Sponsor include: a **20-30 word summary in the newsletter**, **one or two PowerPoint slides** to run on the slide-show loop that is projected in the dining room during the networking and dinner time, and if a representative of the sponsoring company attends the meeting, he or she will have **two to three minutes to talk** about their organization. Brochures, giveaways, table-top displays, and business cards are certainly welcome as well.

Earthquake Insight Field Trip -- 2019 Recap

The 15th annual Earthquake Insight Field Trip was held on April 12-14. It was a great success: 640 miles, 23 participants, 16 stops, 10 vehicles, and four states, in 48 hours. No lost participants, no broken bones, and no lawsuits so far. The new stop at a significant, fresh landslide in Hickman, KY that is threatening a church, parsonage, and community building was especially interesting. Plans are in progress for the 16th Annual to be held in spring 2020. Contact Phyllis Steckel (psteckel@charter.net) to be added to the announcement list for next year.

Employment: Job Seekers & Open Positions

Golder Associates is seeking an environmental specialist in either in Ballwin, MO or Houston, TX to assist with providing EHS compliance program support for industrial clients including developing procedures and permits, preparing and submitting periodic regulatory reports and plans, and preparing and conducting EHS training programs. This position is for junior-mid level candidates with 2-6 years of relative experience in consulting practice or in a regulatory or private industry setting. Please apply online at golder.com/careers and contact Emily White at ewhite@golder.com with any questions.

Aerotek Environmental and Engineering of St. Louis, MO is seeking a Structural Drafter that would be involved in planning and preparing non-routine drawings with complex features using information from rough sketches, detailed engineering notes, or brief verbal guidance. 1-3 years experience in drafting for civil or structural designs is required. Please contact Destiny Minor (desminor@aerotek.com) for additional information.

Aerotek Environmental and Engineering of St. Louis, MO is seeking Construction Material Testing Technicians that would be involved in testing and inspections of various construction materials (concrete, soil, and asphalt) on construction sites and in the materials laboratory. 1-5 years experience required, nuclear gauge and ACI training is a plus. Please contact Destiny Minor (desminor@aerotek.com) for additional information.

To all Jobseekers and Employers – Please contact the newsletter editor, **Jessie Goodwin** (jgoodwin@geotechnology.com), to post your search for an employer or employee, and when you have found a new job or filled an advertised position. This helps us keep our postings accurate and timely.
