Preliminary Announcement
65th Annual Meeting and Field Trips
October 12 and 13, 2018
West Plains

Major Springs of the Ozarks

Come explore some of the major springs of the Ozarks, including Hodgson Mill Spring, Blue Spring, and Mammoth Spring. Learn about water tracing research by the Missouri Geological Survey to refine spring recharge areas in this complex karstic terrane, which also revealed some unique flow paths that supply water to these magnificent springs. We'll also be visiting [Dean Davis Conservation Area](#) and [Grand Gulf State Park](#).
